Dear Paul,

Enclosed please find the attached documents as requested, pertaining to the discussed Reclamation Bond that is currently in place for the Miller Rock mine site, as well as the additional State Rider policy that was later added, amended and re-issued to the Division in 2006.

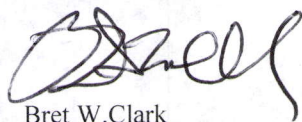

The upper cliff face stabilization of the area you mentioned is scheduled for Spring 2007. Assessment for the stability of the large rock in question, as found in your report of 2006 has been conducted, and a determination was made to stabilize this rock in place, rather than to remove it at this time. This determination was made in order not to risk the further destabilization of this area.

The rock itself has actually shown no signs of continued movement over the course of its study, and will now be stabilized this spring by the appropriate methods.

If you have any further questions concerning the issuance of our surety bond I believe that Opie Abeyta of the division, will be able to assist you in obtaining any further documents that you may need for your files.

Please let me know if I can be of any further assistance to you, I may be reached at the above number Monday through Friday between the hours of 8:30 am and 4:00 PM, at Ext # (25.)

Sincerely,

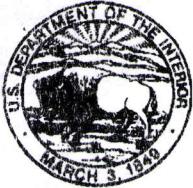

Bret W. Clark
Miller Rock Mine

Personal Bond Rider Accepted

Effective June 20, 2003, the Bureau of Land Management (BLM), Utah State Office accepted a personal bond with Bret W. Clark as principal. The bond was accepted for individual surface reclamation coverage of operations conducted by the principal on notice UTU-69857.

On December 14, 2006, this office received a rider to BLM bond number UTB000038. The rider adds the State of Utah, Division of Oil, Gas and Mining (OGM) to the bond. It is understood and agreed that the Principal is posting this bond in favor of the United States and State of Utah, Division of Oil, Gas, and Mining (OGM). The bond rider has been examined, found satisfactory, and is therefore accepted effective December 14, 2006.

If you have any questions, or need additional information regarding this bond, please call Opie Abeyta at (801) 539-4123.
